

THE CAREER EXPLORATION SYMPOSIUM

FOR **Girls** IN

Mathematics, Science and Technology

MISD MACOMB INTERMEDIATE
SCHOOL DISTRICT

Friday, May 8, 2015

8:45 AM – 2:00 PM

Macomb ISD

Following the success of our past symposiums the Macomb ISD Math and Science Center will be offering an 11th year of this powerful day of career awareness and exploration in math and science. **The Career Exploration Symposium for Middle School Girls in Mathematics, Science and Technology** gives students the opportunity to attend dialogue sessions led by women in math, science, engineering and technology careers and be engaged in hands-on science and math activities designed specifically for middle school girls. The symposium is free and available to girls in grades 6-8 with registration with registration taking place through your local school.
